

## **Wheat Conference**

International Maize and Wheat Improvement Centre (CIMMYT) with funding from the United Nations Development Program (UNDP) is organizing an international conference on “Wheat for the Non-Traditional Warm Areas”. The conference will address the research and development aspects of wheat in warm areas and look at the problems and potentials it may have in the future. It is scheduled July 20–August 3, 1990, in Iguazu Falls, Brazil. For further information, please contact Dr. M.M. Kohli / Dr. P.C. Wall, CIMMYT, C.C. 1170, Asunción, Paraguay.
